

Senior AI Systems Engineer - Cover Letter

Dear Hiring Manager,

I am writing to express my enthusiastic interest in the Senior AI Systems Engineer role at Tech Corp Inc.. With over 6 years of experience engineering high-throughput LLM architectures, RAG document retrieval engines, and scalable FastAPI microservices, I am confident in my ability to make an immediate impact on your technical team.

Throughout my career, I have specialized in building robust Python backend pipelines and optimizing vector database query performance. At my current organization, I led the architecture of enterprise RAG solutions handling 50k+ daily streaming requests while scaling throughput by 300%.

Thank you for your time and consideration. I look forward to discussing how my experience aligns with your team's goals.

Sincerely,

Alex Vance
